GOOD TO KNOW

- Packing for Safari? Keep it simple!
- Bring comfortable, lightweight clothes in natural colors like khaki, olive, sand, and earth tones. Pack layers too: mornings can be surprisingly chilly, while the middle of the day gets hot. You don't need a fresh outfit for every day, since most lodges and camps can arrange laundry service.
- Don't forget your sun protection: a good hat, sunglasses, and sunscreen. Comfortable shoes are enough for most safaris. Heavy hiking boots are only needed if you're doing a walking safari, primate tracking, or mountain climbing.
- A good pair of binoculars is a must. A camera is great, but binoculars will transform the way you experience wildlife, especially birds and animals that are far away.
- For luggage, we recommend a soft-sided bag over a hard suitcase. It fits much more easily into safari vehicles and small aircraft, where space is tight and weight is often limited to 15 kg.
- Most importantly, don't overpack. Travel light and enjoy the adventure!
