TOUR SUMMARY

Visit Zika Forest, a quiet forest at Kisubi along Entebbe Road, 23 km from Kampala and close to Entebbe International Airport. It has mature trees and varied plant life, and is home to monkeys and other wildlife. It is a good stop for nature lovers and birders.

ITINERARY

Upon arrival at Entebbe International Airport, you will meet our tour guide for a briefing before heading to Zika Forest reserve. If you're in Kampala, we will pick you up from your hotel or designated station for the approximately 1-hour drive to Zika Forest in Kisubi Town.

Next, you'll travel to Lake Victoria for a 45-minute boat ride to Ngamba Island. At the sanctuary, a briefing will introduce you to various activities, including observing the chimpanzees being fed and the chance to participate in feeding your favorite chimp.

After exploring the different areas of the sanctuary, including the food store and chimp clinic, you'll have lunch at the sanctuary. This will be followed by a visit to a nearby fishing village, where you can interact with locals and participate in fishing.

In the evening, the return journey to Entebbe includes a stop at the equator, with an opportunity for proficient swimmers to swim in Lake Victoria. Your trip will conclude with a drop-off in Kampala city or Entebbe, perfect for those with late flights.

GOOD TO KNOW

- Packing for Safari? Keep it simple!
- Bring comfortable, lightweight clothes in natural colors like khaki, olive, sand, and earth tones. Pack layers too: mornings can be surprisingly chilly, while the middle of the day gets hot. You don't need a fresh outfit for every day, since most lodges and camps can arrange laundry service.
- Don't forget your sun protection: a good hat, sunglasses, and sunscreen. Comfortable shoes are enough for most safaris. Heavy hiking boots are only needed if you're doing a walking safari, primate tracking, or mountain climbing.
- A good pair of binoculars is a must. A camera is great, but binoculars will transform the way you experience wildlife, especially birds and animals that are far away.
- For luggage, we recommend a soft-sided bag over a hard suitcase. It fits much more easily into safari vehicles and small aircraft, where space is tight and weight is often limited to 15 kg.
- Most importantly, don't overpack. Travel light and enjoy the adventure!
